

# Welcome to the 2021 Adopt-A-Family (AAF) Program!

While the 2021 AAF Program has a new face due to COVID health risks, we are thrilled to be able to safely offer this program to our Bringing Hope Home Families, who are struggling due to a cancer diagnosis, and our amazing donors. We appreciate your support and generosity this holiday season.

## Two Ways to Donate:

1

**Help a Family Pay Their Household Bills:** Make a monetary donation or have your company donate to support a Family in need through our Light of Hope Family Grant. You can help a Family with their household bills at one of several donation levels. All funds will assist our Families with their rent, mortgage and household utility bills this winter.

2

**Provide Gift Cards for a Family:** Create a personalized fundraising page to share with family, friends, and coworkers and collect funds for BHH Families in need. BHH will purchase gift cards with all funds raised and will send electronic gift cards to each Family being assisted through the program, enabling Families to safely shop for holiday gifts and food for their loved ones. You will receive several stories of Families being assisted through the program so that you can get to know some of the Families that will benefit from your thoughtful donations.

## Adopt-A-Family Amazingness:

- Since the AAF Program began in 2011, 1,278 local Families have been assisted with gifts and gift cards.
- Over 675 companies, departments, schools, groups and individuals have come together to support the AAF Program.
- Over \$890,000 worth of gifts and gift cards have been provided to our Families
- Over 350 volunteers have helped to organize, wrap and deliver all of the items to each Family in time for the holiday

## Join Us:

To join us in providing HOPE to local Families during the holiday season, [click here](#) to learn more and to register beginning October 11th.
